LOCARNO, SWITZERLAND | FR6,000,000

Enthroned high above Locarno, your eyes wander over the pool that literally blends in with Lake Maggiore; this is pure magic. A symbiosis of luxury and Mediterranean style is probably the most appropriate description for this villa. No later than sitting in this beautiful, romantic portico with fireplace of this charming villa, you will know how the Mediterranean lifestyle feels like. The wonderfully playful garden with its own pond makes the heart of every romantic beat faster. The beautiful villa offers everything to live comfortably and your guests will feel at ease in the guest house. The 3-storied main villa as well as the 2-storied guest house are built in Mediterranean style. A private road with electric gate leads to the garage with direct access to the house in Locarno, Ticino, for sale. A cozy portico with fireplace and the dreamlike garden with outdoor pool.
